According to Americans for the Arts, in Georgia in 2009, at least 82,322 citizens were employed by 20,212 arts-centric businesses.

Michael Kaiser says the United States is indeed a Creative Economy. Only 17% of our economy is now based on manufacturing.

Georgia Made Georgia Grown Products database, hosted by the Georgia Department of Economic Development. Register at: www.GAMadeGAGrown.org

- Click on **Register/Login** at the far right of the toolbar directly under Georgia's Creative Economies banner
- DO NOT try to make a Username or Password. Click directly on **Register Your Business**
- At **Select a business type**, choose **Things**
- On the next screen, click on **Fine Arts** at the left or **Crafts/trades** more in the middle of the file folder tabs
- Put as much detail into your listing as you can. Include five images representative of the style you are marketing
